

Tupperware Winter & Spring 2017 Catalog Overview

Catalog opens for customers: December 31, 2016

Tupperware® products—tools for a healthy lifestyle.

The start of the year brings the chance for change and new, fresh beginnings. Healthy habits are easy to keep with our portion friendly, durable products to fit your customers' lives.

Tupperware's newest innovation the MicroPro™ Grill grills good-for-you foods right in the microwave. This is one more product to help you coach customers in taking good care of themselves with wholesome, homemade foods that are equal parts delicious and nutritious.

New products and reconfigured product sets have been added to the catalog to help your customers—moms, dads, singles and students—get healthy and organized while saving money.

Date & Hold Gifts have been updated to include: **exclusive** set of three Small Wonderlier® Bowls, **exclusive** set of four Small Spice Shakers, **exclusive** set of two CrystalWave® Soup Mugs, Jel-Ring® Mold, Microwave Breakfast Maker Set and Quick Shake® Container.

The new Date Me recipes offer simple and delicious solutions. From Quick Baked Lasagna to Nutty Monkey Bites, your Hosts will be excited to date you.

Discontinued Products

With each catalog cycle, we analyze the entire product collection. This is essential to maintaining a healthy assortment of new and best-selling items. We review each one to determine the best possible merchandise mix to offer customers. Many points are taken into consideration to help determine a discontinuation:

1. Sales performance of the item and/or color
2. Duplication of the product
3. Trend change
4. Sales movement of the product shifting to a similar product
5. Product was a catalog limited release only for seasonality.

Please help your customers plan ahead. There is no grace period for the discontinued Fall & Holiday 2016 Catalog products. The deadline to submit orders containing discontinued products is Friday, December 30, 2016, the final day that the Fall & Holiday 2016 Catalog is available.
