Get ready to get together!

February is a magical month focused on building relationships and sharing the opportunity. When Hearts Connect, amazing things happen—both at home and with your business. While we focus on H.O.M.E. in 2019, remember that building your team can better your Home, Organization, Money and Environment. Anything is possible When Hearts Connect.

Organization Tip From the Home Office

Use the Modular Mates® Oval 1 for a first aid kit in your car. It perfectly holds Band Aids, ointment, an ace bandage, and aspirin in a Tupper® Mini. The Oval 1 fits in most glove boxes!

CHERYL SMITH,
Vice President,
Party Experience

Connect with your **Community**

Hearts Across North America Recruiting Challenge: The fifth and final year to add your name to the founding sculpture.

WHEN: January 26–March 1

Click To Go

When aren't we on the go?

One minute you're at work, and the next you're at the game or headed to a family gathering, but no matter where you're going, you can take Click To Go containers with you! The Click To Go Sets are perfect for on-the-go lunches, picnics, tailgates, packing up food from the market or grocery store and more.

Features and Benefits

- Click To Go's unique tab system locks each container together and has one small carrying handle that attaches on the top container, allowing you to carry up to four full containers with one handle.
- Round containers are microwave reheatable, making them great for meal prepping. (Note: they do not have stain-guard coating.)
- Easily pack and take meals wherever you go.
- Perfect for families going to the park, beach, or on a picnic—each family member has their own container.
- Each set features a removable handle with arc, providing an ergonomic grip and easy carrying

Handle

The handle is built with an arc to create tension between the handle and clips on the container after assembly.

Ergonomic Grip

The middle of the handle has a curved grip area for easy carrying.

Clips

There are two clips located at the top of each container on opposite sides. They make it easy to secure and stack the containers. The handle flap securely fits into the clip.

Seal Tabs

Tabs on each side make it easy to place and remove the seal.

Tabs

There are two tabs located at the bottom of each container. Click the tabs into the clips for safe and secure stacking and carrying.

Round Plain Seal

The round seal is liquid-tight.
