

How to have an **Incredible \$1100 Party!!**

Hi _____,
Thanks for hosting a party on _____! Let's "shower" you with great gifts and great discounts for your guests!

OK, set your mind on having a \$1100 party and here are some secrets...

\$1100 Incredible parties are as easy as 1-2-3!

1. **OVER-INVITE!:** Invite everyone! Don't hold back - friends, relatives, neighbors, coworkers, church friends, business contacts - and the list goes on!
2. **PERSONALLY INVITE!** Let your guests know that it would make you very happy for them to attend your party. Encourage them to bring "an adult friend that loves Tupperware". Call everyone who said they would come the day before your party and remind them. Your personal invitation means a lot!
3. **Collect outside orders!** If they can't join us at your party - ask if they would like to see a catalog and place an order. Outside orders add up - go for it! Ask relatives, your best friend and your best neighbor to pass catalogs around and collect orders for you. I will be glad to send you more catalogs to collect those orders.

There you have it - The blueprint for an **\$1100 incredible party!** When you call your guests right away and personally invite them - we will have approximately 10-12 guests at your party. From the invites that cannot come - we could have \$300 or more in outside orders - and that's not including the orders from those that are gathering orders for you. Ask your friends to host their own get together and earn free gifts, too.
